

Ramin Partovi

Senior Product Designer

rpartovi123@gmail.com | raminpartovi.com

SUMMARY

Senior product designer leading complex enterprise products from customer research through launch. Experienced in modernizing legacy workflows, building design systems, and using usability evidence to guide product decisions across B2B software and broadcast tools.

PROFESSIONAL EXPERIENCE

TELESTREAM | Senior Product Designer | Oct 2023 - Present | Remote

- Joined as one of the company's first designers; helped grow the design team to seven and created its first design system, supporting the redesign of nine applications.
- Lead designer for Vantage, Telestream's flagship media workflow platform; redesigned workflow discovery and reuse, and explored review-first AI-assisted setup.
- Led design for four products from concept through launch across broadcast monitoring and media workflow tools, partnering with product, engineering, QA, and customers.
- Worked with customer teams at CBS Studios, MLB, Comcast, and NBC to understand broadcast and media workflow needs.
- Designed Pulse, an on-premises broadcast monitoring application; dashboards, input monitoring, timing monitoring, and alarm workflows shipped.
- Established the company's first research and feedback loop: usability testing, a direct customer channel, and SUS/task-success metrics that quantified design impact.

ITRADENETWORK | UX/UI Designer | Jan 2020 - Sep 2023 | Dublin, CA

- Led UX/UI design across multiple enterprise projects, creating new solutions and modernizing existing applications.
- Worked with customer teams at Sysco, Walmart, Driscoll's, and Foodbuy, partnering with product and engineering to turn market and user insights into problem framing and actionable design recommendations.
- Contributed to an enterprise design system that created more consistent experiences across a diverse product portfolio.
- Redesigned legacy applications and achieved higher System Usability Scale (SUS) scores through research, prototyping, and usability testing.

EVERFI | Enterprise Customer Success Manager | Jul 2016 - Jan 2019 | Walnut Creek, CA

- Managed 80-100 enterprise and strategic accounts representing \$1.4 million in annual contract value; identified customer risks and worked across teams on retention and growth opportunities.
